

Keal System Users

IMPORTANT POINT!

Teamwork makes the dream Work. We Work together for a common Goal!
UHU is Users Helping User...

About Us

KSU is a network of Keal System Users. If you use Keal Technology as your broker management system, being a member of the Keal System User group has its benefits.

Our group is comprised of a Board of Directors and an Executive Director who work diligently to provide support and services to our members.

We work Closely with Keal to further our 4 Pillars: Development, Innovation, Collaboration & Education which we call D.I.C.E.

Membership Has Its Benefits

Being a member provides you access to our Keal System Users community and we have a lot to offer:

- Broker Workshops :
 - Focusing on industry integrations and/or solutions for an efficient broker.
- UHU tips and tricks :
 - 30 mins express sessions on some items that brokers may NOT be using currently.
 - Management and regular staff.
- R & D meeting designed to provide inside into the planning of the releases
 - Keal will provide a list of potential items and the members will vote on importance of these items.
 - This includes enhancements and bugs.

Our Community allows users to communicate with each other to share ideas and solutions.

Once you are signed up, you become a part of group of brokers who are engaged users, helping users.

Working With Keal

Our board of directors focuses on working with product development team at a Keal to drive the development of the software forward. Our influence matters and we lean on our members to help to drive the change forward.

Together will bring positive change to your brokerage and focus on Users Helping Users UHU!
